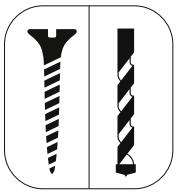
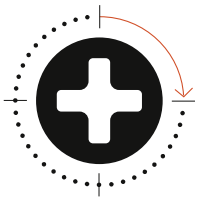
Cordless Drill Driver ASD18K:

THE DRILL JUST GOT SMARTER – The drill/driver with Autosense™ technology automatically drives the screw flush – eliminating the need for guesswork or trial and error, and reducing the risk of costly mistakes.



AutoSelect® Technology – intuitive switch to drill or drive mode for great results.



Depth Control - for sinking screws, keep the trigger pulled after the screw is flush. The drill will automatically make short micro adjustments of a quarter turn until you let go of the trigger.
